Colored Wool Dress Goods

Attention today is called to the popularity of Chevron and Herringbone Stripes. Our lines of these cloths are very complete now, but we may not be able to say this later, on account of the alreday heavy demand for these popular weaves. It is wisdom to select and buy now. while the new goods are at their best; this also gives you a chance of avoiding the September rush of your dressmaker. We are showing Chevrons and Herringbones in all colors, widths and prices, from 50c to \$2.25 per yard. Below are some of these popular cloths:

Chevron and Herringbone Stripes-a very fine grade of all worsted, in wide stripes, for suits or coats-in navy or brown-48 inches wide, \$2.25 yard.

TO MANAGE SPEAKERS.

James Lewis of Kinsley Will Look After This for Democrats.

James Lewis, editor of the Kingsley Graphic, has been selected to take charge of the speakers' bureau of the cratic state central committee He was formerly private secretary to Gow Is Convicted of Improper Con-Governor Leedy. Mr. Lewis arrives duct, at Church Trial. in Topeka on Tuesday and will then assume the active management of directing the oratorical shots at the

enemy, the Republican party.

A list of the speakers who will exthe Democratic doctrine has not been arranged, but this will be announced within a few days.

Outside talent in the shape of the big lights of the party will be brought into Kansas to speak at some of the most important points. Mr. Hender-son Martin, chairman of the Democratic state central committee will leave for Chicago within a few days to confer with the national committee at Chicago concerning this feature. As John Atwood of Kansas is in charge of the national speaker's bureau it is more than likely that Kansans will have an opportunity of listening to as well as seeing a number of the noted Democrats of the United States.

"I have had over 100 requests from as many different points all over the states asking for speakers," said Mr. Martin today. "I have been so overwhelmed with requests in the shape of letters and telegrams that I have had to telegraph urgently to Lewis to hasten to Topeka and get things

FEW G. A. R. PILGRIMS.

Only 21 Left for National Encampment Sunday.

Are the veterans of the Kansas G. A. R. weakening in their enthusiasm for their organization, or is it be-cause the railroads of Kansas refused to make sufficient rate concessions? Whatever may be the cause, the fact remains that Kansas will be but feebly represented at the annual national encampment of the G. A. R. which convenes in Tolego this afternoon. Two years ago when the narepresented. But such is not the case this year. But twenty-one left from Topeka Sunday. A special train had been arranged by the Kansas department commanders, but when the raliway officials called the roll only six veterans could be mustered in, and the train had to be abandoned. It is generally understood from advices from different parts of the state, that there will be but fifty or sixty veterans functions. Kansas which has been his home continuously since that time. He is surdicted by his wife, three sons and two daughters. The funeral will be held from the Lynn Creek church Tuesday afternoon at 2:30.

Fair Grounds Is Being Made Over This Week.

Ready for Big Show Which Opens Next Monday.

ENTRIES STILL COMING

Cattle Exhibit Promises to Be Larger Than Ever.

Queen Esther and Pinafore Rehersals in Progress.

The fair ground is a busy place these days and will be for the remainder of the week and then the scene will shift from one of continuous labor to one of pleasure. Just one week from today the gates will swing wide open for the State Wide Fair about which so much has been written and said during the past few weeks. The press notices and talk is not the only thing that indicates that the event will be one of unusual

Entries are pouring into the committee from all parts of the country at an amazing rate and Rex Kreipe, who ought to know, says that the display of fine cattle will be the largest and best ever shown in the state. Nor will the display of fine stock in the cattle department eclipse the other displays

of a similar nature.

Topeka is fortunately situated thi season as to location and as to fair week dates and comes in as an inter-mediate stopping place for the big exhibitors who will have displays at other Kansas fairs and who wish to remain in the west until after the American Royal stock show which will be held in Kansas City during October. Many of these exhibitors will stop a week in Topeka before showing at Hutchinson and the stock will be fresh and in better shape to show than month or so later.

The committee has not yet passed upon the entries for the races and will not until the board meets today or tomorrow and until they report the en-tries for the races it will not be known just how many races have filled or what they will be. Secretary Kreipe, who also knows more about these cntries than any one else, promises sur-prises for fair week as far as racing is It Continues to Grow But Still Very

Most of the buildings and fences ave been treated to a coat of white wash and their immaculateness sug-gests the class of the fair which wil be held next week. A force of men are at work today and will be for the next two or three days spreading the vhitening mixture on the high fence which encloses the grounds. Another force of men is hauling cinders for the drives and walks about the grounds in ase the weather should not prove all that is hoped for

This seems like an unnecessary exense inasmuch as an official report week and there is nothing to indicate that an error has been made in this forecast. Ditches are being dug about the grounds and the drains which take care of the rain which falls on the racetrack at times are being made as good as new. All of this work will have been com-pleted by Friday and perhaps a day earlier and Thursday the six big top tents which will shelter a portion of the exhibits will be in place on the grounds ready for use.

And right along the line of entertainments for the week may well be mentioned the opera Pinafore and the ing the members of the Oratorio so-ciety for the production of Pinafore and Queen Esther in the auditorium

during the fair week.

Mr. Holman has had more or less to do with every musical entertainment given by Topeka talent for the past 30 years, and says those who attend will not be disappointed in either performance and that his representation of the control of Elizabeth Lucile Phillips, the eight-weeks old daughter of Mr. and Mrs Fred J. Admiral Sperry Officially Calls on Premier Brent.

Melbourne, Aug. 31.—Admiral Sperry, commander-in-chief of the American battleship fleet, who together with the officers and men of the fleet today made his formal entry into Melbourne, this afternoon officially called on Premier Bent and the lord mayor, who returned the courtesy at offices placed at the admiral's disposal in the treasury building, where the royal Australian artillery acted as a guarded of honor. When Admiral Sperry and his officers arrived at St. Kilda's pler this morning amid salutes from the battery of the royal Australian artillery on the esplanade, they were received by Admiral planade, they were received by Admiral Atkinson, the commonwealth prime minister; Sir Thomas Brent, the Victorian premier and the mayor, who made an address on behalf of the municipality. made an address on behalf of the municipality. At the conclusion of the ceremonies the American visitors escorted by an escort of a squadron of light horse, drove to the city proper, the surburban mayors presenting addresses of welcome at their respective boundaries before the city was reached. Sir Thomas Gibson Carmicheal, the

governor, joined the procession at Princes bridge, which was reached shortly after noon. Here the lord mayor welcomed the Americans and the governor entered Admiral Sperry's carriage. Alabama Miners Forced to Give Up by Official Action.

Birmingham, Ala., Aug. 31.—An official order calling off the strike of coal miners in the Birmingham district was issued to all the camps in this section today. It was signed by President Lewis, Vice President White and Secretary-treasurer Ryan of the United Mine Workers of America.

The order ends a strike which began July 6, and which has been marked by much violence. The official order after reviewing the history of the strike, says:

The climax was reached when the governor of Alabama said that the miners shall not be permitted to live in tented camps and that public meetings shall not be held in the mining communities of the state during the strike. In other words the strike must end, regardless of the cost to the miners or any rights they have in the premises.

It appears that up to the 1,000 yard competition, Kansas was booming along at a great rate, and stood 19th in a list of 52 competing teams. But Kansas must have slumped, because the returns show that she finished 24th, which is two places lower than last year.

The surprise of the match was the way Okiahoma loomed up. Okiahoma, which has only had a national guard two years, took 14th place. Some of the old time rifle teams like Ohio, Illinois and Indiana, failed to make their

usual fine scores.

SEVERED SPINAL CORD.

Berne Milburn Fatally Injured by Harry Carlson.

What will in all probability be fatal accident occurred late Saturday afternoon when Berne Milburn, a 14year-old boy living at 108 Fillmore
street, was accidentally shot by
Harry Carlson with whom he was
playing. The shooting occurred in
the barn at the Robert Pierce home about the barn and were in a room occupied by Booker when the acci-

dent occurred. A few minutes after they had en-tered the room the report of a re-volver was heard and Mr. Booker volver was heard and Mr. Booker found that Berne Milburn had been shot in the throat with a builtet from a revolver of large caliber. The ball entered the flesh about the center of the neck from the front and an examination made at Stormont hospital this morning shows that the spinal cord has been severed.

As soon as it was known that the boy had been shot Dr. H. B. Hogeboom who lives but a few doors away was summoned and had the boy re-

was summoned and had the box was summoned and had the boy removed to the hospital. The fact that the spinel cord was severed indicates that death is but a matter of a short time as the entire lower portion of the injured boy's body is palalyzed. Harry Carlson, the boy who did the shooting, works for Dr. L. M. Powell who lives just north of the Pierce home where the accident accurred home where the accident occurred. As near as can be learned the two boys entered the room in which Mr. Booker sleeps and took the re-volver which is of large caliber and double acting from the bureau drawer
